The students who frequent the Activities Office can be divided into several categories. First, there are the interns, who have gone through the formality of being assigned to Student Activities to "learn the ropes." Then there are the volunteers who just want to come when they are needed and help out. The group of volunteers can be further categorized as constant or occasional. The constant volunteers don't care what they do as long as they are contributing. The occasional volunteers come for their specific project, work until completion then disappear, never to be seen again. The final group is the lunch drop-ins. These students are actually intern-wannabes who do not have an academic support so the best they can do is share their lunch break with us. No matter what category a person falls in to, they keep the activities at FHS running smoothly.

Our longest running intern is senior, Amy Baker, who joined us as a freshman volunteer and just never went away. She knows as much, if not more, about the office than either of us. She never says no to work and loves to remind us of our 'to do' list.

Stephanie Mikenas came on board last year and is a gift. When the yearbook needed a boost, she took it on. When the Senior Auction needed someone to run the computer program, she learned how. When we needed chickens, she brought them in. (Ha Ha) ! No job is ever too hard or tedious. Stephanie has an amazing work ethic. When she is working on activities or homework, she is working at one of her after school jobs.

Tyler Andrade needed a challenge in his senior year so we assigned him to work with Mr. Werner managing the student parking lot. He would brave the wind, rain and cold (sometimes) to go out and check for illegally parked cars. He input all data to the parking program and kept updates. His only regret was that he didn't get to tow a car before graduation.

Another senior, JoAl Peck came in like a whirlwind and has become information manager of the office. If you want to know ANYTHING about Falmouth, or FHS ask her! If she doesn't know, she'll find out.

Sadie Flynn started the year as an intern one period a day. As her responsibilities with the yearbook increased, she was able to squeeze out more time in our office. AND she enlisted a small crew of volunteers to help her out. Fifth and sixth period became the high power work time.

Serena Houser came to us during the last half of her senior year seeking relief from academic support. She turned out to be an extremely hard worker. We could always rely on her to complete a project with time to spare.

Maddie LaCroix is putting in her second year in our office and we look forward to having her in her senior year as well. Maddie can be counted upon to make us laugh when we are about to blow, encourage us when we are going to quit and kick us when we are being lazy.

The volunteers are many and vary by month. David Clark-Barol is a constant. Whenever he has free time or whenever there is cake to be had, he will appear. His specialty is reaching items off the top shelf, but he does a fair job with filing, sorting and typing. He is not a very good artist, however, so we avoid having him create posters.

Missy Fromm has the best handwriting around which earned her the dubious honor of calendar keeper. Beyond that, she manages the junior class activities, helps with office work and even dabbles in yearbook. We are looking forward to having her during her senior year.

Ashley Lopes has been with us for three years. She is involved in many projects, clubs, sports and activities. But she still finds time to help out in the office.

Cassie Greenburg always seems to be in the office when we need her most. She is a hard worker and easy to get along with. She is a true volunteer who almost begs to come in and work. We like that in a student.

This core group, along with the many other students who volunteer on an occasional basis, are the backbone of Student Activities. Their reward is a job well done. We add our thanks - "The Debs"

Forever Young

Trapped in the glorious years
 within the memory of belief, lost of all grief,
 Take the reasons,
 which once seemed so clear,
 but never mind, you have nothing to fear,
 For you my friend will be, forever young,
 Forever in the heart of memories.

Jackie Lauterbach

Forever Lucy

A weak light shines into our eyes
 And an even weaker light into our hearts
 A disbelieving silence fills
 The room and our lungs
 There are no words to describe
 These days, that night
 Our hearts must beat to the same Rhythm
 as hers
 Beat at its best for as long
 As we live
 Her heart beats well
 And strong
 And forever...

Jackie Lauterbach

It's Kinda Hard When With You Not Around

It's kinda hard with you not around (yeah)
 Know you in heaven smilin down (eheh)
 Watching us while we pray for you
 Every day we pray for you
 Til the day we meet again
 In my heart is where I'll keep you friend
 Memories give me the strength I need (uh-huh) to proceed
 Strength I need to believe
 My thoughts Big I just can't define (cant define)
 Wish I could turn back the hands of time
 Us in the 6, shop for new clothes and kicks
 You and me taking flicks
 Making hits, stages they receive you on
 I still can't believe you're gone (can't believe you're gone)
 Give anything to hear half your breath (half your breath)
 I know you still living you're life, after death

Jackie Lauterbach

We Will Never Forget Lucy Jean Chandler

When Tomorrow Starts Without Me

When tomorrow starts without me,
And I'm not there to see,
If the sun should rise and find your eyes
All filled with tears for me;

I wish so much you wouldn't cry
The way you did today,
While thinking of the many things,
We didn't get to say.

I know how much you love me,
As much as I love you,
And each time that you think of me,
I know you'll miss me too;

But when tomorrow starts without
me,
Please try to understand,
That an angel came and called my
name,
And took me by the hand,

And said my place was ready,
In heaven far above,
And that I'd have to leave behind
All those I dearly love.

So when tomorrow starts without me,
Don't think we're far apart,
For every time you think of me,
I'm right here, in your heart.

Silence can be a reverberat
sound

When it fills the room
The words burned my ea
And it was shocking,
breathtaking
-So shocking-
Everyone believes
They are invincible.
"But we're invincible!"
We shout.

Roaring off into the nigh
With the cover of stars
As our only shelter.

Amanda Argona

One Sweet Day

Sorry I never told you
All I wanted to say
And now it's too late to hold you
So far away

Never had I imagined
Loving without your smile
Feeling and knowing you hear me
It keeps me alive
Alive

And I know you're shining down on me from Heaven
Like so many friends we've lost along the way
And I know eventually we'll be together
One sweet day

They say that the good die young
That's why I think that you should have fun
Cause time won't wait for no one
When God calls, you gotta go home
They say the good die young
That's why I know that we gon' have fun
In this life Cuz, you only get one
When God calls for me don't cry, I just went home

2005 Dedication

This year's yearbook is dedicated to the Senior Class Advisors, Ms. Malone and Mrs. Tellier. For the past four years they have selflessly given their time, energy and support to the Class of 2005. Their guidance, friendship and encouragement have enabled us to achieve our goals as a class. They exemplify what it truly means to put others before self. We thank them for their love, humor and generosity.

Class Officers of 2005

Many people believe that graduation is a rite of passage that allows us to enter the "real world" of adulthood. I believe that we have been living in a very real world for the past four years. Together, we have faced many challenges and overcome many obstacles. We have carried our friends in times of need and found reasons to laugh during the hectic times of our busy lives. Throughout all of the proms, fund-raisers, science fairs, final exams, SAT's, college applications, and scholarships, we have forged deep friendships and connections with one another. Serving as Vice-President of the Class of 2005 has been an honor and a pleasure. Hold on to the memories that make you smile, learn from your mistakes, and use your talents to make a difference in the future. "You must be the change you wish to see in the world."

-Mahatma Gandhi
Never be afraid to speak your mind and always stand up for what you believe in.

Theresa Griffin
Vice-President

To the Class of 2005

I would like to thank you all for the confidence you had in me to serve as your Class President over the past four years. You have given me a truly unique perspective from which to view high school. I have had the opportunity to interact with so many of you on countless class projects. Whether it was the Freshmen Class Show, the Sophomore Spaghetti Supper, Junior Work Day, or the Senior Class Auction we were always able to rally support within the class, school, and community. I have had the opportunity to get to know so many of you as unique individuals, while at the same time seeing you as part of a collective whole. Life is like high school; you get what you put into it. I hope all of you continue to use your intelligence, enthusiasm, and creativity to solve problems and achieve goals. I wish health, happiness, and success for each and every one of you.

Tim Griffin,
President Class of 2005

Luciano de Crescenzo once said, "We are, each of us angels with only one wing; and we can only fly by embracing one another." I'm proud to have been a member of the Class of 2005, a class that I feel has embodied this unique sense of fellowship in everything it has done together. Whether we were helping each other on Mount Monadnock, sharing the titles of Junior Prom King and Queen, or simply helping one another with the "joys" of homework, we have always done so as a group, and not separate individuals. I think it has been because of this camaraderie that our class has been so successful, and I'm grateful for it. Hopefully we can carry these ideas of friendship and unity into the future and continue to fly by embracing others. Thanks for the memories.

Freshmen year somebody told me "Don't rush your way though high school, because it flies by." At the time, the days seemed to drag and the weeks never ending, so I didn't think much of it. Reflecting now on my years here at FHS, if I could pass on to a current or incoming student any words of wisdom that would be it. Make the most of your time in high school; get involved, because you only get the chance once. People have told me that high school is or should be the best time in your life...but if high school is the best time in someone's life, then they still have a lot of living left to do. It was fun and memorable, but it was only the beginning.

When I volunteered to be Editor-in-Chief for the 2005 yearbook I didn't really know what I was doing, but figured that it would be a good experience. I was intrigued with the idea that I would get to be the boss and that students would look up to, and answer to me. I was aware of the all responsibility that came along with the job, and I was warned that it was going to be a lot of time and effort. What I didn't know was how fun it was going to be.

Mrs. Werner- We did it! After all the pictures, layouts, deadlines, missed deadlines, and quitters, we got it done. I am in awe of how you manage all that you do, and still keep your composure. I am amazed, that no

matter how stressful it was or how frustrating it got (like dealing with our "staff") you could handle it. Whenever I felt like it was too much, and couldn't deal with it any longer, you kept me going. Over the past couple of years you have been my mentor, my boss, and my motivation. Thank you for everything -- you have done for me, I am forever grateful to you!

Mr. Griffin- To the best history teacher ever, thanks for everything you have done for me. From giving me directions to Providence, listening to Monday morning stories, and getting me the best job ever! Working at the harbor I have made wonderful memories, and met the most incredible people (except for Uncle Ted, but we can forget about that!) To me you are a mentor, a teacher and a co-worker. Thank you!

Mom- Through everything you have been my number one cheerleader. You are always behind me and my decisions, good or no so good. You have pushed me to excel in all I do and given me the courage to find what I love and run with it. Thank you, I love you.

Rob- Seriously, I could not have asked for a better big brother! You showed me high school really wasn't that scary. Thanks for being that somebody to talk to when I got home too late...and not telling mom.

To the Class of 2005- These past four years at FHS have been full of good times and bad, but more good than bad! Everything that we have done, both inside and out of school have been learning experiences. We've made friends, and grown apart from others. Loved and lost. And moved on. When we think back 10 years from now we probably won't remember the labs we copied in Chemistry class, who went with who to prom or that one detention you got for being late to school too often. What I hope all of you take away from your high school experience are lasting friendships and memories you wouldn't trade for the world.

Advisor's Page

The production of the yearbook is a thankless job. We start the year with a staff of fifty. By January, the number has dwindled to 8 or 10 dedicated students who have learned to do it all. The lines separating editor/staff blur and everyone helps out. Editors leave, staff members are promoted and somehow every assignment gets covered. As the advisor, I get to be the "bad guy." I chase the pages and hammer at the editors to get it done. I don't say "good job" enough. So I'm going to take a moment here to acknowledge the staff who rolled up their sleeves and got the job done.

Sadie Flynn - Editor in Chief. Sadie came to me last spring and actually volunteered to be the Editor in Chief. She trained through the remainder of the year and took over in June. The term "speak softly and carry a big stick" comes immediately to mind. Sadie is quiet, almost shy but handles responsibility quickly and boldly. The Activities Office tends to be rowdy and chaotic. Somehow, when Sadie is around there descends a quiet calm. She was good for all of us.

Stephanie Mikenas - Managing Editor. If you want something organized, scheduled and completed, "who you gonna call?" In this case, it would be Steph. This amazing young woman moved in and took over the management of the yearbook, the organization of the Senior Auction, and much of the intern work in the Student Activities Office. She is one of those rare people who instinctively knows what needs to be done and just does it. She doesn't need to be asked, assigned or instructed. Stephanie Mikenas is a born leader who will make her mark in the business world.

Amy Baker & Cassie Greenberg helped wherever they were needed and Ashley Marks proofread the final pages for accuracy. They are the behind-the-scenes workers who make sure the yearbook is everything you want it to be - lots of pictures - correctly spelled names - funny quotes and lots of details. Without them, it would be just a black and white picture book.

It is important to mention Mr. Joe Studley who has painstakingly taken the pages from us and entered them into the computer. He never complained when we would hand him twenty pages on a Friday afternoon and expect them back on a Monday. He would just smile his great big smile and take the pages to work on over the weekend. He is the most easy going, good natured and patient man I have ever met.

Thank you all for your contribution to this yearbook. You should be very proud of yourselves. Creating a lasting memory takes time and patience. You never gave up. You saw it through to the end. You are to be commended. I will miss all of you next year (except Mr. Studley who is stuck with me). Good luck and keep in touch.

TWELVE WAYS TO KEEP SMILING

Hold on to your dreams, and never let them go...
Show the rest of the world what we already know:
How wonderful you are!
Give circumstances a chance and give others the benefit of the doubt...
Wish on a star that shines in your sky...
Take on your problems one by one and work things out...
Rely on all the strength you have inside...
Let loose of the sparkle and spirit that you sometimes try to hide...

Stay in touch with those who touch your life with love...
Look on the bright side and don't let adversity keep you from winning...
Be yourself, because you are filled with special qualities...
Than have brought you this far and will always see you through...
Keep your spirits up...
Make your heart happy, and let it reflect on everything you do.
All Our Love Always,
Dad, Mom, Brendan, and Jessica

Stefan – It's been said that high school is a time when adolescents find themselves and discover who they are. Being your girlfriend has made this theory true for me. I many not have discovered all of me or found my whole self, but being with your has helped in giving me meaning. When I look at you, I see so much more than a boyfriend. I see someone who has helped shape me into a better person. For this I admire you. Thank you and love you.
